

PSEA FOCAL POINTS COMMUNITY OF PRACTICE MEET UP

DRAFT AGENDA | MAY 18TH | 1:30 - 3:00 PM ET

Digna, the Canadian Centre of expertise on the prevention of sexual exploitation and abuse (PSEA), is convening PSEA focal points from across Canadian civil society to provide an opportunity to learn, reflect, and exchange with one another. This is the first annual meetup of the Focal Points Community of Practice, with the goal of initiating members into the online portal, creating connections between members, and facilitating conversations on topics identified by members. Participants can expect to learn from others in the sector on how to ensure that their organizations are able to respect the rights of their program participants and effectively respond to cases of SEA.
